

Create a professional, fast, and easy-to-use **partner sign-up page** that follows a high standard of clarity, simplicity, and unique user experience. This page should be aligned in both function and visual style with our brand, and must follow the steps outlined below without missing any details.

MAKE SURE all this will be made in order to be connected with Tapfiliate API end points as seen here:

The design should be **very similar** to the style used on our main site:

<https://hosts.stasher.com/signup> — you can refer to this page to take inspiration from the layout, tone, and structure.

Make sure the visual elements, including color scheme and UI styling, are consistent with the design in this file: **Screenshot 2025-11-22 at 15.15.29**

Follow the steps exactly as they are stated below - don't add more questions or informations - making sure each page is specific and includes all info

## 1st page

- \*\*Program \*\*\* (USD, EUR, GBP, AUD) - show each currency in a box and select the one you like to go to the next step
- **Language (top right side)\*** (Dropdown select between English, German, French, Spanish, Portuguese)
- **Accept T&Cs\*** (Box to accept)
- **Login action:** put this in a less visible area

## 2nd page:

- **Company Type\*** (Select between "I want to store bags (Supply)", "Vacation Rental / STR / Airbnb Host", "PMS", "Venue", "Blog", "Other".) HAVE minimal and nice icons that match with the rest of the design and mention each section what it means - make it super clear and readable

## 3rd page:

- \*\*First name \*\*\*

- \*\*Last name \*\*\*
- \*\*Email \*\*\*
- \*\*Password \*\*\*

## 4th page - select write page based on selected business in 2nd page:

If “Vacation Rental / STR / Airbnb Host” request:

- \*\*City \*\*\* (Type)
- \*\*Country \*\*\* (Type and select)
- \*\*Company Name \*\*\*
- **Company website** (show text optional)
- **Number of Properties** (only for STRs) + (show text optional)

If “I want to store bags (Supply): request:

- Redirect them to this page: <https://hosts.stasher.com/signup>

If “PMS” or “Venue” or “Blog” or “Other”: request:

- \*\*City \*\*\* (Type)
- \*\*Country \*\*\* (Type and select)
- \*\*Company Name \*\*\*
- **Company Description** (show text optional)
- **Company website** (show text optional)

## 5th Page (Final Step)

This is the **final page** in the sign-up flow, prompting users to book a **free demo call**.

Label this page something like “**Final Step – Book a Demo Call**”.

### Content & Functionality:

- Include a **clear CTA** (Call-to-Action) to book a demo call.
- Add **alternative option** (somewhere less visually dominant):
 

*“I don’t want a demo call — I’ll set up Stasher by myself”.*
- Display a **clean and readable summary** of all previously selected answers.

## User Actions:

- If the user clicks “**Book a demo call**”, redirect to:<https://cal.com/periklis/15min>
- If the user selects “*I don't want a demo call, I'll set up Stasher by myself*”:
  - Redirect them to a confirmation page that says:  
*“You should receive an email confirmation with your referral link to add to your guest communications.”*

## Notes:

- = Mandatory selections
- 

## Design Guidelines:

- **Top menu bar & “Continue” button:**
  - Use a specific color code:
    - Use **light blue** when not all mandatory answers are selected.
- **Logo & Branding:**
  - Use the logo with the name “white - horizontal.png” or “blue- Logo new - Horizontal.png”  
Place it on the top-left side of the page.
- **Progress Indicator:**
  - Include a timeline or progress bar.
  - Use whatever style you think works best visually.
  - You can refer to the image titled:  
**“Progress bar for signup2432”** as an example.

- Make sure to use the **same colors** as shown in the reference image.
- **Background & Styling:**
  - Background color: #f2f8fe
  - Feel free to make the design **interactive**, **minimal**, or visually **cool** — just ensure clarity and ease of use.
